sent gratis on 9/2/84;
Vol. I, Vol. II sent
gratis a couple of
years ago for
copyright purposes.]
10-05-1984 and Vol. II, no. 1
Dupl -
volumes I, II & III are now all in
deposit in the Library of Congress
How about re-dating
completing S.P.P.

October 3, 1984

Mr. Felix Falvo
President
Carbondale Area School Board
Carbondale Area High School
Brooklyn Street and Route 6
Carbondale, PA 18407

Dear Mr. Falvo:

Thank you for making it possible for three members of the Carbondale Historical Society (Jim Heppburn, Hank Loftus and S. Robert Powell) to visit the George Washington School on South Main Street on October 1, 1984.

The Society is presently considering the possibility of submitting a proposal to the Carbondale Area School Board for the acquisition of the George Washington School by the Society. Before we are able to submit that proposal, however, we must complete our end-use plan for the building. That plan we expect to have formulated and approved by the membership on or before October 24, 1984.

On or before October 31, 1984, we will notify you in writing of our interest in and/or intentions with regard to the George Washington School building.

Sincerely yours,
S. Robert Powell
S. Robert Powell

In Memory of William Phelps Lewis,
The Architectural Heritage Association
invites you to attend
a dinner and a reminiscence
of the "good old days"
of Scranton architectural history
by George M. D. Lewis
and to view
"Scranton: A Visible Heritage,"
a photomural exhibition
of Scranton architecture
which contains a number
of Mr. Lewis' buildings

Friday, October 19th, 1984
The Everhart Museum
Scranton

Cash Wine Bar: 5:30 p.m. Reservations by October 15
Brief AHA Annual Meeting: 6:15 p.m. 346-7186
Dinner: 6:30 p.m. (\$12.00) (Note: Dinner limited to 100 people)

More gathering of winter fuel again this Saturday morning and afternoon. 9:35 A.M. and I am dressed and set to go, and the "crew" has not yet arrived. Very heavy frost last night -- when I emerged from the tent this morning it was 38° Fahrenheit on the Rebecca Colville fish-shaped thermometer. I slept warmly and well deep inside the tent -- boxes inside of boxes inside of boxes. The whole set up appeals to me enormously. The heavy frost last night has caused an astounding leaf-fall this morning, especially from the ash and locust trees. Apparently the moisture of the frost and the turning of the frost to water when the sun strikes the leaves makes the leaves fall -- they get water soaked & heavy and fall. Not a my guess. Not a cloud in the sky ce matin. Truly this is "October's bright blue weather." As I slept last night, actually, as I lay in bed reading before calling it a day, I heard yet more Canadian geese flying overhead. Very exciting. I believe that I have seen more migrating geese this year than I have in many years, the reason being, of course, that I am in a position to see and hear them.

Mr. Stephens telephoned at about midnight to report that Hank Loftus' Cousin (the sister of Patrick, who is on the School Board) was killed in an auto accident in the Clifford area between 5 & 6 P.M. I shall have to send a sympathy card or something to Hank -- perhaps I should discuss "procedures" with H.L.R.P.
